Data Analytics | Business Intelligence | CRM Analytics | Reporting & Insights

Madrid, Spain, 28220 | +34 672 655 115 | claudia.cervantes.worldwide@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Analytics professional with 10+ years of experience leveraging data to drive strategic decision-making in international environments. Expertise in CRM analytics, KPI tracking, and performance optimization, with a strong technical foundation in Python, SQL, and BI tools. Proven ability to translate complex datasets into actionable insights that improve engagement, retention, and revenue outcomes.

LANGUAGES

English (Native) · Spanish (Bilingual) · French (Fluent)

CORE SKILLS

Data Analysis · Exploratory Data Analysis (EDA) · KPI Design & Performance Optimization · SQL (data querying, joins, data extraction) · Python (data analysis, ETL) · Power BI · Tableau · Excel (analysis & reporting) · Data Visualization & Dashboarding · CRM Analytics & Segmentation · Reporting Automation · Business Intelligence (BI) · Data-Driven Decision Making · Stakeholder Communication · Cross-functional Collaboration · Generative AI (ChatGPT, Gemini, Ollama, NotebookLM)

PROJECTS

AWS Cloud Data Pipeline (AWS)

Built an end-to-end data pipeline in AWS to automate ETL and SQL analytics.

MusicStream Data Insights Pipeline (Python, SQL, APIs)

Built an end-to-end data pipeline integrating APIs, Python, and MySQL to analyze music trends.

World Happiness Data Dashboard (Power BI)

Built Python ETL workflows and Power BI dashboards to analyze global well-being indicators.

Employee Data Audit & Retention Insights (Python, SQL)

Analyzed workforce and survey data to identify retention drivers, data quality issues, and opportunities for improving engagement.

Friends Data Insights Dashboard (Tableau, Python)

Designed an interactive Tableau dashboard analyzing episode ratings and audience engagement.
